

Lenovo ThinkPad T500 Optical Drive Replacement

This is a detailed guide on how to replace the optical drive on the Lenovo ThinkPad T500.

Written By: Matthew Fajardo

PARTS:

- [Ultrabay Slim CD/DVD Drive](#) (1)
-

Step 1 — Optical Drive

- Locate the locking slide under the optical drive of the Lenovo ThinkPad T500.
- Moving this slide to the left should release a tab for removing the optical drive.

Step 2

- Grab onto the tab and pull away from the body of the ThinkPad. The tab should move out as far as seen in the picture.

Step 3

- Pull the drive and slide it out of the bay.

To reassemble your device, follow these instructions in reverse order.
